

# The FARM TRIBUNE

Vol. ~~XXXX~~ XVIII, No. 7

PUBLISHED WEEKLY — PORTERVILLE, CALIFORNIA

July 30, 1964 Thurs., ~~XXXX~~

JUST WHERE the "downtown" retail business area of Porterville begins and ends is open to debate, but the above photo shows what is generally called "downtown", with the Olive

and Main intersection at lower center and with Main street running north (toward the top) through the center of the photo. Idea is to show public parking locations in relation

to businesses, and, with imagination and foresight, determine what additional offstreet parking should be provided. This latter matter is one item that will be covered in the Porterville Community General plan, with first public meeting on the plan set for Monday evening in the city hall, at 7:30 p.m. A Porterville chamber of commerce committee is also working on a plan to establish a parking district in downtown Porterville. In the area covered by the photo, there are now about 1160 off-street parking spaces; 500 of them are provided by the City of Porterville through property ownership and lease, the others are provided for customers by business firms. The numbers: 1. Smith Market lot, on both sides of D street; 2. J.C. Penney Co. lot; 3. city lot; 4. Security Bank lot; 5. city lot; 6. Tulare County Fruit Exchange lot; 7. Loyd Funeral lot; 8. city lot; 9. J & J Pharmacy, and Allied Insurance lot; 10. city lot; 11. city lot; 12. city lot; 13. Army Surplus, Porterville Hardware, Quality Market lots; 14. Cone Automotive lot; 15. Montgomery Ward lot; 16. a block of parking that includes a city

lot, a Divizich property lot, and a joint city-business firm lot; 17. Porterville Pioneer hotel and Green Motor Parts lot; 18. Eagle club lot. In addition,

there are some spaces rented out for parking; vacant lots and corners and strips of property are used wherever available.

## REGIONAL TOURNAMENT AUGUST 14-17

PORTERVILLE, July 30—Smith's Market Connie Mackers, Porterville's hard-hitting, speedy Orange Belt League champions, Tuesday night were named host team for the upcoming Pacific Southwest regional tournament, set for Porterville Municipal Ball park, August 14-17. Local Connie Mack officials made the announcement following Tuesday night's final league play for the champs, a 7-5 win over their cross-town rivals, Marty's.

The Smith's nine moved into first place on June 16, following their first contest with Exeter, and were never seriously threatened during the entire season, racking up eight consecutive wins before neighboring Poplar defeated them on July 7. Poplar posted the only other win against Smith's

(Continued On Page 8)

## Sierra Success Barbecue Set

PORTERVILLE, July 30—Good eating and lots of fun are in store for persons attending the first annual barbecue of the Sierra Success association, set for Saturday, 6 p.m. until 2 a.m., at the Lakeside Trailer park just below Success dam.

Six door prizes will be given away, one of which is a weekend in the Sierra for four people; there will be music for dancing, and other entertainment.

Adult tickets are \$2.50; children, \$1.00. Tickets can be obtained from Shan King, phone 784-1801, or at the trailer park.

The barbecue-dance is a fund-raising event for the Sierra Success association, which is an organization of business people who are promoting the business and recreational development of the Tule river area from Lake Success to the Great Western divide.

## COMMUNITY GENERAL PLAN WILL BE DISCUSSED AT PUBLIC MEETING MONDAY

PORTERVILLE, July 30 — What may well turn out to be a significant guide for future development of the City of Porterville and surrounding area — a community general plan — will be discussed Monday evening at a public meeting in the Porterville city hall by representatives of Hahn, Wise & Associates, the firm contracted to do the planning job.

Representatives of special districts within the 31-square-mile planning area, as well as other interested persons are invited to attend the Monday night meeting, the first in a series of meetings that will be held as the plan develops. Time is 7:30 p.m.

Gathering of preliminary data has been underway for about five months, since final approval for the plan was received from federal and state agencies involved. Cost break down is on a basis of one-third city, two-thirds federal, with the city putting up \$8,125 in services plus \$8,000 in cash toward the \$48,375 project.

Basically, the general plan amounts to an inventory of the community in relation to land use, businesses, major and minor roads, location of public facilities, industrial and subdivision trends, recreational facilities, schools, farming, population density, utility services, parking, and categories of public and private lands.

Secondly, the plan involves an "educated guess" as to future development and needs, with the completed general plan to provide a guide for the channeling of development in the years ahead.

Third phase, a continuing phase (Continued On Page 8)

## Editorial Comment

### THE GENERAL PLAN IS UNDERWAY

First in a series of public meetings relating to a General Plan for the Porterville area will be held in the Porterville city hall Monday evening, and since it is a public meeting, we suggest the public attend.

Basically, this plan, instigated by the City of Porterville but covering a 31-square mile area that is considerably larger than the actual city limits of Porterville, is designed as a guide for growth of not only the city, but the entire "metropolitan" area, extending, roughly, to the foothills that border Porterville on the east and north, south to a line of about the municipal airport and the Porterville State hospital, and west a couple of miles beyond freeway 65.

Much of the land in this general area is already in some form of commercial or residential use; a good portion of it is still agricultural land; blocks of it are involved in shopping center, industrial, subdivision, commercial and school plans; all of it that is now in agriculture may likely change to some other use as not too many years go by; large portions of it will eventually be within the City of Porterville.

So the idea is to map present land uses; make educated guesses as to what the future holds, and develop a general plan as a guide for orderly and advantageous development of the Porterville community.

Representatives of political subdivisions within the planning area — and there are a good many — have been invited to participate in development of the plan; property owners are most certainly urged to participate; any citizen interested in community development is invited to contribute their ideas, pro and con.

This is not an attempt to ram anything down anyone's throat. Porterville appears to be on the edge of an era of substantial growth and development. Idea of the general plan is to aid in this growth and development.

Many meetings will be held in the future concerning various aspects of the general plan. Monday night is the first meeting.

We suggest you get with it.

### Elk Hunt Permit Applications Being Accepted

SACRAMENTO, July 30 — Applications will be accepted by the state department of fish and game until 5 p.m., August 26, for permits to hunt Tule elk in Mono county.

A drawing of applications for

permit issuance is set for August 31 in Sacramento. Fifty permits will be issued for Tule elk; 100 permits for Roosevelt elk.

Successful applicants must pay a fee of \$25; persons having received a California elk permit since 1960 are not eligible for the 1964 hunt.

Porterville

In  
"our town"

■ Seems the neighborhood pharmacist has become quite a literary character, popping up in books, short stories, movies—even as narrator in a classic American play. Perhaps it's because we're characteristic of neighborhood businessmen. Since you stop in often, our store is a friendly meeting place. Matter of fact, many of you are old friends with whom we talk "family" as often as "shop." We're proud of this part we play in community life.

### Our Town

By RUTH LOYD

PISMO — The poor clam diggers coming up the beach with their bags full of clams. All wet up to their shoulders, and their wives staggering behind dragging the clam forks. Then they go by the nice warm pool where Newell and Iola Smith are taking their constitutional. Life is so rough.

Then from Pismo a short drive down to Buellton and four miles east to Solvang. Ever been to Solvang? Danish community, good Smorgasbord at the Danish Inn. The huge table covered with all kinds of goodies that are nice and fattening. The whole town is up to its neck in the Danish theme. Even the school has a stork standing on one foot at the top of the ridge pole. There must be something indicative about that, other than being the Denmark national bird, but it escapes me at the moment. Solvang is really quite a treat.

Really these wealthy school teachers. Vaughn and Vic Bowker are playing around the Orient this summer. Vic takes such good slides that between them the two of them can prove anything.

Kids are growing up. Jasper Land is going to teach the fourth grade at Vandalia. He's lucky. Vandalia is a happy school to teach in. Miss Fanning will also teach the fourth, and Della Fink will be in the Kindergarten. Bill Drumright will come back to Vandalia, and nothing is ever dull if Bill is around. If I were 40 years younger I might have been in his sixth grade.

Next weekend the Guy Knapps are going to christen their new boat at Success. That will give the local jet set a chance to celebrate.

Rod Ballew is at Fort Ord playing soldier and typical army they don't even have a heart. Rod is going to miss Terry Hargett's wedding, he is being sent to Texas. Terry is being married this weekend, and most of OUR TOWN is going down for the happy event.

Dale Lovett has had a wild summer. She has painted two bathrooms. Frank is busy trying to find all the ex-students who attended San Jose State. He is a wheel in the Alumni, and is planning all kinds of goodies. Hall, Spartans, Hall.

### STATE FAIR EXHIBITS PLANNED

PORTERVILLE, July 30 — Entries in livestock classes and agricultural mechanics are planned by Porterville Future Farmers at the California State fair, in Sacramento, September 2-13.

### This Week... AROUND THE COUNTY

STRATHMORE — Mrs. Barbara Flynn, a resident of Strathmore for 80 years, observed her 102nd birthday July 22.

EXETER — Paul A. Dobson has been elected to his tenth term as president of Diamond Walnut Growers, Inc., the grower-owned cooperative that markets about 55 per cent of California's walnut crop.

LINDSAY — Annual chamber banquet date has been set as October 19, with Miss Marguerita Fraser Alexander, a native of Cuba, to speak on, "Behind the Sugar Cane Curtain."

VISALIA — City and chamber of commerce officials are joining other San Joaquin valley cities to protest an announcement by United Airlines that it will discontinue service to Visalia, Fresno, Bakersfield, Stockton, Modesto and Merced.

VISALIA — County supervisors have endorsed a resolution calling for a constitutional amendment to allow California to retain its present system of representation in the state senate.

### ROSS BOYD HEADS COUNTY DEMOCRATS

VISALIA, July 30 — Ross Boyd, Porterville, has been elected chairman of the Tulare County Democratic Central committee.

Other officers are: Joe King, Visalia, vice chairman; Bert Rule, Exeter, secretary; and Hetty Bryans, Pixley, treasurer.

### FFA MEMBERS POINT FOR FAIR

PORTERVILLE, July 30 — Porterville Future Farmers, during the summer, have been pointing toward the Tulare County fair, set for September 22-27 in Tulare, with entries planned in livestock categories, agricultural mechanics, and horticulture.

### NEW BOOKS AT PORTERVILLE CITY LIBRARY

AUGUST EXPLAINS is an amusing new picture story book by Phil Ressler. Children who sometimes think they would like to be dogs or camels, will be fascinated to see themselves from the point of view of a small bear who wants to be human. From the pictures of many devilish looking boys taking baths to the definition of shoes — they are "very much like hollow feet", — the author and artist exhibit a new, humorous approach to the worlds of bears and humans. The three color illustrations are by Crosby Bonsall and are of his usual high artistic quality. This is a combination of a clever, exuberant text and fine pictures which young children should not miss.

A new book that is right on the button for juvenile humor is AMELIA BEDELIA by Peggy Parish. Housemaid Amelia Bedelia carries out literally the instructions left for her first day of work, except when it comes to her initiative in making her famous lemon-meringue pie. The younger children will find this good reading aloud fun, and the easy-to-read set will giggle through its series of jokes.

An excellent factual series for the very young reader is called "Let's Read and Find-Out Science Books". BEES AND BEE-LINES by Judy Hawes is an amazing little book in this series in that it gives so much information about a very specific subject in simple language. There are other books for older children on this subject, but this is the first for the very young reader.

Another recommended book in the same series is ITS NESTING TIME by Roma Gans. This appealing springtime book for beginning readers tells in text and picture all about the different types of nests built by various birds in trees and bushes, in fields marsh, and even one which floats on the water. It is nicely illustrated in watercolor.

Forecast for the 1964 California almond crop is 68,000 tons, in shell, up 11 per cent from last season.

ONE WILL be the 1964 National Wine Queen, but which is the fairest of them all? That won't be known until the winner is crowned Sept. 8 at the California State Fair and Exhibition in Sacramento. The Queen will reign over National Wine Week activities Oct. 24-31 and over the California wine industry for a year. The finalists (front); Jan Gregg, Carolyn Pini, Nita Jacobs; and (back) Susan Scott, Louise Saylor, Carla Borelli,

Nell Lendeman and Kay Gerhard.

### WE THE PEOPLE

The comments in this column are not necessarily the views of the editors and publishers of The Farm Tribune.

Editor  
Farm Tribune  
Sir:

It is not uncommon in an election year, not even in normal dialogue among politicians of like or dislike views to levy criticism designed to alter and shape public opinion toward a particular persuasion. This we believe is healthy and necessary in the operation of a free system of government.

It becomes quite distressing to normal human intelligence when individuals in high administrative position wilfully and without reservation distort and mislead in their criticism of opposing political belief.

California Governor Edmond G. (Pat) Brown in reaction to statements of Senator Barry Goldwater, Republican presidential nominee, in his acceptance speech before the National Convention in San Francisco, assailed the Senator from Arizona stating, "The stench of fascism is in the air." Is the Governor completely unaware of what he says?

Webster defines "fascism" as "any program for setting up a centralized, autocratic, national regime, with severally nationalist policies, exercising regimentation of industry, commerce and finance, rigid censorship, and forceful suppression of opposition." Whether ones political inclinations are Republican or Democrat the unavoidable truth cannot be mistaken. Those principles upon which fascist regimes are built

### We Only Heard

BY BILL RODGERS

LBJ's WAR on Poverty bill in congress has got the coffee counter crowd commenting, "Ask not what your country can do for you, but what you can do your country for." . . . And the way LBJ and his political cronies work their propaganda, they would have you believe that those legislators who vote against this expensive, boondoggling, something-for-everyone-in-an-election-year legislation are voting for poverty, and are in favor of poverty . . . This is nonsense, but LBJ is a tough politician and an expert in wrapping aliphod legislation around high-sounding phrases.

WORD FROM the Funston Meadow country, via Louie Stephen, Don Howard and C. N. Spivey is that fishing is, well fishing is, and no doubt about it. But we promised not to print anything about what these gentlemen of unquestioned veracity said about the fish they caught because those fish stories they are telling are the truth, or so they say, and if what they say is the truth, well, Kern river fishing in the Funston meadow country is . . . but we'll say nothing about it, no sir, nothing about those 14 and 16 inch Rainbows that are climbing six feet up the bank to take a fly . . . We promised Louie we'd say nothing about it.

THE BEST laid plans of mice and men, etc., etc., and it now appears that plans for power boat racing on Success lake this fall may not materialize. Anyone want to volunteer as a pusher? That's all that's needed right now, plus a couple of bucks, or so.

SIERRA-SUCCESS association seems to be picking up a little steam. The organization that is designed to promote business and recreation from Lake Success to the Great Western divide, passed out considerable literature at the recent Fly-in at the Porterville

airport, and ran a bus up the Tule river canyon to The Ponderosa, with stops at major resorts enroute, for benefit of visiting pilots, who were greatly impressed . . . And Saturday, at the Lakeside Trailer park, the association will stage a barbecue, with music and entertainment, from 6 p.m. until 2 a.m. . . . Looks like a good bet to be among those present.

By John

This is the time of year people "go native". They roast meat outdoors over hot coals, swim in the "pond", turn brown all over, fight mosquitos, and eat raw tomatoes. We suggest however this should be done in the proper atmosphere surrounded by native plants, forest humus, tree stumps, and other comforts. In fact if you're a real "method" type person you can throw in some ants and poison oak for authenticity.

We have the native plants, the humus, and the tree stumps in stock so you don't have to steal them from the Forest Service. These native plants have been raised in the suburbs of L.A. which conditions them for smog, barbecue smoke, and drought conditions.

Available are Calif. Holly, pine, ceanothus, manzanita, bay tree, Fremontia, Matilija poppy, Mahonia, white alder, dogwood, yucca, and native palms. All grow with a minimum of care and most prefer poor soil or other hardships. The stumps we sell are really 'possum logs. Hollow all the way through they can be used as planters, as something to hide things in, or burned in the barbecue when you run out of charcoal.

All of these plus skunks, squirrels, birds, and wind bells can be found at Daybell's wild area on "E" Street, Porterville.

### COAST DEER SEASON OPENING AUGUST 8

SACRAMENTO, July 30 — Deer season in the coastal area of California will open August 8 and run through September 20; archery season in the area will close August 2, however archers can hunt during any open season.

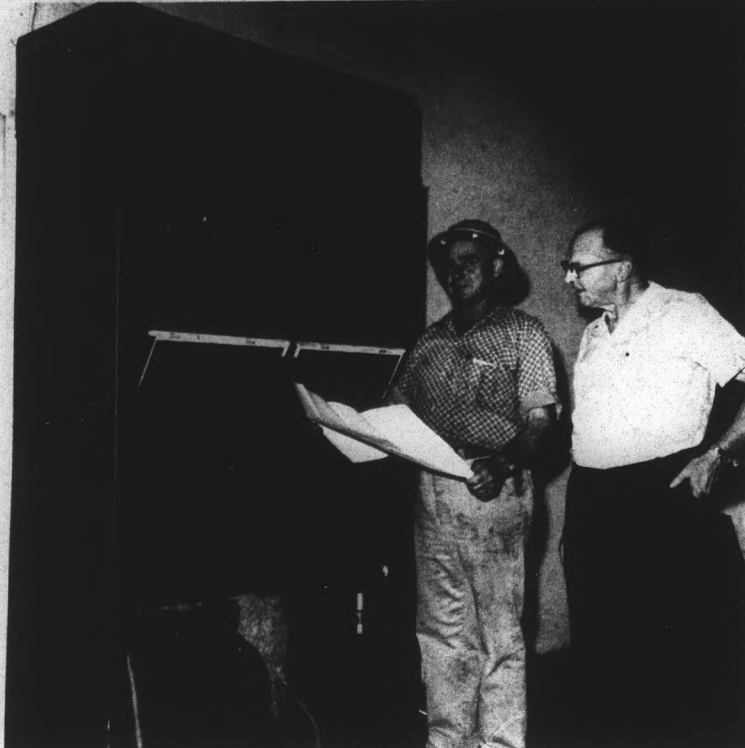

### TV NOTES By: Bill Dare

Did you know that television sound men sometimes create the rumble of artillery by rolling lead shot on drum heads? The same lead shot dropped on inflated bladders produce the sound of rumbling surf or far off thunder.

Although not pertinent to television, we understand that druggists sometimes use shot to clean bottles, a trick that potential home brewers might keep in mind if Prohibition ever comes back.

Something else you might keep in mind is the fact that you can be sure of thorough TV repairs when you call on DARE'S TELEVISION SERVICE. We're fast, but not careless; expert, but not costly at DARE'S TELEVISION SERVICE, 7368 W. Olive. Try us. Phone 784-6209. Quality work... Cash basis.

THIS WEEK'S HOUSEHOLD HINT: Don't throw away that old linoleum — cut it in small strips; it will make good fireplace kindling.

LOOKING OVER an air conditioning unit being installed at the Konda building, Main and Olive, are Dave Chamberlain, contractor who is putting the building in shape for temporary occupancy by Beckman Instruments Inc., and Allan Coates, manager of the Porterville chamber of commerce.

The first Beckman assembly line is expected to go into operation in the building August 10; first four-week training class, with 29 now enrolled, is being held daily on the Porterville high school campus under direction of Porterville college and the Beckman company. (Farm Tribune photo)

### Time Out

By Davis Harp

### GARRY LINDGREN PROVES THAT NATIONAL PRIDE IS FAR FROM DEAD

As 18 year old Garry Lindgren ran his victory lap Saturday in the Los Angeles Coliseum a huge roar of admiration moved with him, like a tidal wave, around the great oval. The Spokane, Washington high school boy owned the Coliseum and its 50,000 inhabitants that afternoon. It would seem that there were no more worlds to conquer, he had beaten the Russians at their own game and one that they played better than anyone in the world, the 10,000 meter run.

From our seat 44 rows up, just above the high jump pit, the boy looked too frail. Instead of running a race that covers some six miles, 376.11 yards, we would have suggested a transfusion and six-months bed rest. At 5-6 and 120 pounds he wouldn't even make a good ball boy at a tennis match. When we saw that they were going to go through with it we only hoped that a sudden breeze wouldn't spring up. Any kind of wind at all would have put him in Long Beach. Besides the Russian coaches had chuckled and said that he was much too young, the great distance runners didn't hit their prime until they were eligible for Social Security. According to the European theory he was 12 years away from even checking out a pair of track shoes.

But Lindgren must not have read the newspapers. He was too busy running. The only thing he knew was that he could run six miles trying to get warmed up to run twenty. A man shouldn't even break a sweat under ten miles.

With two miles to go Lindgren went by the Russian runners like a Volkswagen in heavy truck traffic.

It was a very emotional experience sitting in the huge crowd listening to it roar its approval as the tiny figure on the track be-

low raced away from the Russian supermen. As Lindgren passed, the people stood and cheered wildly. We feel safe in saying that our national pride is far from dead. You only had to be present in the Coliseum to realize it.

In all, the meet was an awe-inspiring sight. Dallas Long, an aspiring dentist, put together the greatest shot-put series in the history of track and field. He topped the day with a record-smashing toss of 67' 10". He may be used to replace Cape Kennedy. Fred Hansen, a Johnny-come-lately in the pole vault world, tamed his fiber-glass pole for an instant and skyrocketed to 17' 4" to set a new world's mark.

The American men battered the Russian crew 139-97 in completely outclassing the communist nation. But one of the big stories of the weekend competition was the great come-back of the U.S. women's team. The U.S. girls were mauled in last year's meeting 75-28. This year the ladies got up off the floor and pushed the powerful Russian women's team to the limit before losing by a 59-48 score. The girls' team was led by lanky Edith McGuire, who coped both sprints, and anchored the winning U.S. women's 400 meter relay team.

If the U.S.-Russian meeting can be judged as a preview to the Olympic games in Tokyo, then the picture looks bright. The Russian coach warned that his troops were two months behind the U.S. in training and would be much stronger in Tokyo. Judging from the attitude of the U.S. contingent the Russians will be six months behind by the time the Olympics get here.

#### RAISIN INSURANCE DEADLINE TOMORROW

FRESNO, July 30 — State Director E. Kirk Harper of the USDA's Federal Crop Insurance corporation has announced that July 31 is the deadline date for raisin growers to obtain insurance for their 1964 crops. Harper stated that the insurance premium rate of \$4.25 per ton and coverage of \$150 per ton would remain the same in 1964 as in 1963, even though 1963 losses paid to insured raisin farmers greatly exceeded the prior years.

#### ETHEL PRESTAGE, JOHN MOORE NAMED

EXETER, July 30—Ethel Prestage, of Porterville; and John Moore, of Springville, have been appointed to the Republican State Central Committee of California by State Senator Howard Way. Others from Tulare county named by Senator Way are: Mrs. Florence Doe and N. B. (Tad) Martin, Visalia; Mrs. Betty Goettle and Robert W. Moore, Tulare; Virgil Goossen, Dinuba; and Dr. James E. Miller, Exeter.

who will return this country to the citizens, and remove it from the grasp of the fuzzy-headed 'one-worlders'."

HAZEL DA VALLE, S.F. housewife, mother—"Too many parents say they do not want their children to work as hard as they did. I think young people should learn—in school and at home—to take responsibility long before they marry."

KEN COLEMAN, Pomona—"Any law depriving the employer of the freedom of choice in selecting his employees could be considered an invasion of his private rights."

H. E. MARTZ, San Jose—"Genuine social, economic or political progress can only proceed from a broadening and extension of freedom, not by its curtailment or obstruction."

ESTHER A. PITCHFORD, Oakland, on spread of picketing, sits—"I expect at any moment that the eight-year-olds will picket for pay for picking up their clothes and going to bed at night."

DUKE ELLINGTON, jazz composer, leader, at Disneyland—"I keep a big band because I want to hear what I write. If I lose money, that's okay."

#### No Tote Gotes On Trails Of National Parks

THREE RIVERS, July 30 — Long before the advent of the compact, efficient gasoline powered Tote Gote, the National Parks were set aside and the Park service was directed to "conserve the scenery and the natural and historic objects and the wild life therein, and to provide for the enjoyment of the same in such manner and by such means as will leave them unimpaired for the enjoyment of future generations."

In order to maintain the natural scene and sounds in the Parks and to protect Park visitors from unnatural intrusions, motorcycles or other motor vehicles or bicycles shall not be operated upon Park trails. This prohibition includes Tote Gotes and all other mechanically powered vehicles.

Each summer it becomes necessary for the Park Rangers to intercept motor propelled vehicles on the Park trails and return them to travel on the motor roads in the Parks. Violation of this rule can result in a stiff fine for violation of Park rules and regulations. Park Rangers warn all Tote Gote riders to determine in advance the location of the Park

boundaries and to avoid any trips which will take them onto Park trails.

#### Group Attends Cotton Gin School

WOODVILLE, July 30 — Attending a Cotton Gin operators' aid Gin Manager seminar at California State Polytechnic college the middle of July were the following from Tule River Cooperative Gins, Inc: Tom Brown, Kenneth Campbell, Douglas Coepland, Lemmie Garner, Thomas Gilbert, Wayne Gill, Joe Hickman, Gary Honeycutt, Larry Idell, J. D. Lewis, Ray Rutledge, John Shirley, Walter Sumpter, Alton Tillery, Jack Tinney, Lynton Walker, Charles Wolfe and Roscoe Honeycutt.

#### Canned Olive Marketing Order Effective August 1

SACRAMENTO, July 30 — California Director of Agriculture Charles Paul has issued and made effective as of August 1, a Marketing Order for California Canned Olives extending to June 30, 1966.

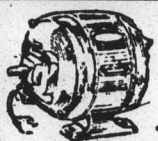

Principal provisions of the Marketing Order authorize advertising and sales promotion, quality and size regulations, and research projects covering the production, processing, and marketing of olives.

The new Order creates an Advisory board of 16 members, eight processors and eight producers with their respective alternates. Nomination meetings for producer members and alternates will be held in the producing districts in the near future.

Recreation travel is one of the three most important sources of revenue in 25 of the 50 states.

### SHERIFF'S SALE

Notice of Sale of Real Estate Under  
And By Virtue Of Tax Interest  
And Penalties  
(Sections 1785, 1786 and 1787, Unemployment Insurance Code)

No. 64-779

State of California, Department of Employment, Plaintiff vs ROBERT B. HARTHORN aka Robert B. Harthorn, Defendant.

By virtue of a warrant for collection of tax, interest and penalties by the Department of Employment, State of California, wherein Department of Employment, Plaintiff, and Robert B. Harthorn aka Robert B. Harthorn, delinquent taxpayer, upon a warrant issued on the 7th day of November, 1963, for the sum of seven hundred fifty and 98/100 (\$750.98) dollars lawful money of the United States, beside costs and interests, I have levied upon all the right, title, claim and interest of said delinquent taxpayer, Robert B. Harthorn aka Robert B. Harthorn, of, in and to the following described real estate, situated in the County of Tulare, State of California and bounded and described as follows:

That portion of the Northwest quarter of the Southwest quarter of Section 32, Township 21 South, Range 28 East, Mount Diablo Base and Meridian, in the County of Tulare, State of California, according to the Official Plat of the survey of said land on file in the Bureau of Land Management at the date of the issuance of the patent thereof, described as follows:

Beginning at the southwest corner of that certain real property conveyed by deed dated Oct. 7, 1935, recorded October 18, 1935, in Vol. 645 of Official Records, Page 364, Tulare County Records, executed by F. M. Crabtree as administrator of the Estate of T. J. Crabtree to William W. Baylor, thence east along the south line of the property conveyed by the deed aforesaid a distance of 71 feet, thence north and parallel with the west line of the property conveyed by said deed aforesaid a distance of 260 feet thence west 71 feet, more or less, to the west line of the property conveyed by the deed aforesaid, thence south along the west line of said real property conveyed by said deed aforesaid a distance of 260 feet, more or less, to the point of beginning. The owner of record is the Estate of Robert Harthorn.

PUBLIC NOTICE IS HEREBY GIVEN, that I will on Wednesday, the twelfth day of August A. D. 1964, at 10:30 o'clock a. m. of that day, at the front door of the Sheriff's Office, City of Visalia, County of Tulare, sell at public auction, for lawful money of the United States, all the right, title,

### DIABETES in the GOOD OLD DAYS

Earlier in this century, any person who contracted severe diabetes faced semi-starvation. His body cells lost their ability to handle sugars, starches, and fats. As a result, the diabetic dragged out a miserable, half-starved existence. Death was an ever present hazard.

Diabetes remains one of the most widespread diseases. Yet today, thanks to prescription drugs, the diabetic can enjoy a near-normal life. Insulin, an injectable compound, has restored his body's ability to burn its fuel. Very recently, also, pharmaceutical research has added other anti-diabetic drugs that certain patients can take by mouth.

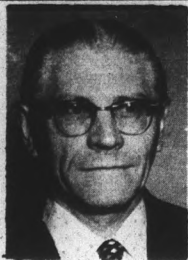

There are many other examples of formerly dread diseases that are now being controlled by prescription drugs. Yet Americans today spend no greater share of their disposable income on drugs, than in 1939 (only about one cent from each dollar). No wonder we say: "Today's prescription is the biggest bargain in history."

## CHAPEL CHIMES

By  
Rev. N. J.  
Thompson

Jesus taught, "Ye cannot serve two masters. Ye cannot serve God and mammon," Matthew 6: 24. Ever asked yourself, "Who am I serving? Is God supreme in my life?"

A man dividing his allegiance between God and the devil is a miserable being. An unhappy wife complained, "Poor Henry hates himself for going on sprees. He's a wonderful husband when sober. But when he's drunk, watch out!"

The prophet Elijah once challenged the wavering people from the top of Mount Carmel. "How long halt ye between two opin-

ions? If the Lord be God, follow Him: if of Baal, then follow him."

The story is told of a farmer who caught a young eagle. He placed the bird with his chickens, and soon the eaglet adapted himself to the flock. A neighbor visited the farmer one day and exclaimed, "Look! There's a young eagle in that flock of chickens." The farmer said, "he's no longer an eagle by nature. He's decided to be a chicken, for he eats chicken feed and does everything the chickens do. He'll never fly again."

"You're wrong," said the neighbor. "He's an eagle still. He has the instincts of an eagle." After making futile attempts to get the eagle to fly, he carried the bird to the foot of a mountain as the sun was rising. At sight of the dazzling sun bursting above the mountaintop, the eagle uttered a wild scream of delight, stretched

his wings, and soared into the morning sky, never to return to the farmer.

Don't be a chicken! Be an eagle! Get a vision of Christ, "the Sun of righteousness." Make up your mind to rise above this world's confusion and compromise and serve God. Then stretch your wings and soar away.

## TOURNAMENT

(Continued From Page 1)

On July 23.

A strong Exeter nine emerged second in Orange Belt league play and will represent the local league in the Northern California championship tournament at Hanford, beginning August 1. Winner of that tournament earns the right to enter the regional playoffs at Porterville along with winners of the Southern California, Nevada and Arizona championship playoffs to be held at Long Beach, Reno, and Yuma.

As host team, Smith's Market will be competing with the other four state representatives for the regional title and a crack at the national championship tourney in Springfield, Ill., August 26-30.

LORON HODGE, who was raised at Poplar and who recently returned to Porterville after living at Hanford, is the "pusher" behind a move to reactivate the Porterville junior chamber of commerce. A meeting is set for interested persons at the Paul Bunyan tonight, following an initial meeting at Murry park last Thursday evening, at which some 15 local men indicated an interest in the junior chamber. Attending also were representatives of the Lindsay junior chamber of commerce. Young men under 35 years of age are eligible for membership in the reactivated Porterville group.

## GENERAL PLAN

(Continued From Page 1)

once the plan is adopted, involves periodic updating in view of actual developments.

Area included in the general plan is bounded general on a south line between the Municipal airport and the Porterville State hospital; on the east by the foothills; on the north by Linda Vista; and on the west generally by Westwood.

City officials urge property owners within this general area to keep themselves informed on progress of the plan and to participate in its development through expressions of ideas, and opinions, pro and con, during the series of public meetings that will be scheduled during the next several months.

Estimated time to complete the plan is a year and a half.
